

**METHODS FOR COLLECTING FEES FOR HEALTHCARE
CONSULTATION GROUP**

Abstract of the Disclosure

Methods are provided for collecting fees for managing and optimizing the profitability of a plurality of physicians in a healthcare practice participating in an insurance network. The methods include establishing
5 a relationship between a healthcare consultation group and the healthcare practice participating in the insurance network to increase the physician's profitability by reducing a risk of not receiving a predetermined reimbursement amount for ancillary medical
10 costs from the insurance network. The methods also include distributing predetermined percentages of savings attributed to the physicians' modified ancillary medical cost management behavior.
